Thanks, Steve. I'm still waiting to hear back from Jan about a place and time. I'll try to catch her today as I'm going to be out of town the rest of the week.

Hello Connie,

Following my discussion with La Plata county last week, I confirmed with Brent that we have an opportunity to meet with the commissioner and he ask that I pass this on to you. I was contacted by one of the La Plata County commissions (Gwen Lachelt) requesting that EPA come to Durango and meet with the commissioners and the public (and ARSG would be represented). Wednesday, September 24th, seemed to work with our upcoming meeting in Silverton.

EPA/ BLM will be in Silverton on 9/23 for the meetings with ARSG and the public and all the key personnel are available the next day, so we selected 9/24 to meet in Durango as requested by the commissioners.

The details are not yet worked out. Cynthia Peterson, EPA's Community Involvement Coordinator, will be working with the commissioner's office to make the final arrangements – forum, timing, location, etc. When we have those details worked out, we will get that information distributed. In the meantime, I will coordinate with Brent and Kay.

If you have questions, please feel free to contact me or Cynthia (303-312-6879).

Steve
